## Section 1. Purpose of Operations Manual

### Purpose

The Operations Handbook has been established to document procedures for the club's activities, Executive Board's duties, and committee responsibilities. It is intended to help new members and new officers and directors understand their obligations and how to perform them.

### Definitions

The **officers** of the club are the President, 1<sup>st</sup> Vice President, 2<sup>nd</sup> Vice President, Treasurer, Recording Secretary, and Corresponding Secretary.

**Executive Board** is comprised of the club's officers and four (4) Directors.

**Committee Chairs** are club members who volunteer to lead the various club's committees. Although a committee chair may also be an officer serving on the Executive Board, the roles and responsibilities of the two functions are completely separate. A committee chair is not an officer unless he/she holds one of the offices named above.

### Revision

The Executive Board and committee chairs will review the Operations Handbook annually. Any revisions that refer to policy must be consistent with the club's by-laws and approved by members at the annual meeting. Revisions that refer to procedure may be approved by the Executive Board. A member of the Executive Board or an active member appointed by the Executive Board will make the changes over the summer and will ensure the Operations Handbook is posted to the website by the September meeting.

### Emergency Protocol

In the event of a medical emergency, the following procedures are to be followed.

- Call 978-363-1212 to obtain medical assistance.
- If a nurse or other medical staff is present, they will be asked to assist until further help available.
- The Club President or designee will follow up the next day.

The club also makes holiday arrangements for Community Housing residents.

In addition to decorating these locations, the WNCG also participates in the annual Christmas decorating of Anna Jacques Hospital and the Museum of Old Newbury (Cushing House) in Newburyport. ## Section 11. Scholarship

### WNGC Scholarship Mission Statement

The West Newbury Garden Club has as a part of its mission aiding in the protection and conservation of natural resources. Students may attend public or private institutions.

To apply, a student submits a WNGC Scholarship application, available on the club website. Two letters of recommendation from individuals who can address the applicant's experiences with environmentally related courses or activities are required and the student must also submit a high school or college transcript.

Students are evaluated on the strength of the transcript, recommendations from two teachers with one being a science teacher, and demonstrated environmental commitment. Supplemental activity recommendations may be sent.

### Annual Time Line for WNGC Scholarship Process

## **Other Plant Sale Committees**

### **Digging/Potting Committee**

Digging is generally started 3-4 weeks prior to the sale depending upon weather and ground conditions. Plants are labeled with name, height, color, and requirements, i.e. sun or shade. Plants do not need to be potted on-site, but can be dropped off at the potting location. Work is usually completed during the week-ends and evenings, or if convenient for home owner or diggers, during the day.

### **Sun Committee and Shade Committees**

Plants are divided into two categories: sun or shade. Separate committees are in charge of each category. The committees major tasks are to identify a "holding location" where plants will be dropped off two weeks prior to the sale. There plants will be watered and maintained until the actual sale. The committee members usually meet 1-2 days in advance of the sale to clean pots, ensure plants are labeled with name, color and any special characteristics such as tall, short, aggressive, etc., and price plants consistently. They are responsible to transporting plants to the sale and assisting customers during the sale.

### **Native Committee**

Native plants are a recent addition to the plant sale. Typically, plugs are purchased from a native nursery and potted for sale, as well as requested from club members. Native shrubs and trees are also purchased. The chair of the Native Committee should request funds from the Executive Board.

### **Bake Table**

All members are requested to bake something to sell at the Bake Table. Items should be clearly labeled with any potential allergic ingredients, such as peanuts, gluten, etc.

Members assisting at this table are responsible for pricing, arranging and selling baked goods.

### **Set-up Committee**

The set-up committee is responsible for setting up and covering tables, putting up signs designating various areas of the sale (sun, shade, holding area, cashiers, etc.), covering the floor with tarps if held in the Town Hall, and helping committees set-up plants if indoors. This work is done on Friday, the day before the sale.

### **Clean-Up Committee**

Although it is expected that all members will help clean up their specific areas, the clean-up committee is responsible for transporting all items back to Town Hall if held on the Training Field.

Trash bags should be put on the side of Town Hall for Monday pick-up. The Town Hall should be locked and key returned to the Town Offices.
